

MESSAGE FROM THE PRESIDENT!

2020 is really a year of CHANGE. Be prepared to have an open mind! It has never happened before in the history of TRN,- but it is happening now.

Our time for the GM in Sweden, does not attract enough members to carry out with the arrangement there. The reasons are understandable,- it is not the GM or the place, but the time in which it is planned. This became apparent, in December when several members came together at the

traditional lunch that Rita was hosting. (see December NL.)

Here it was suggested to move the GM to the time and place of the Norwegian meeting in June. The Committee has discussed this thoroughly, and come to the conclusion that we will do exactly that. With this decision we are hoping that the GM will be full of life, positive energy, inspiration and commitment to Reiki and our work together as teachers!

Our motto is: The more the Merrier!!!

The NEW DATE IS: JUNE 8th - 11th 2020
Place: Medissage Center in Tønsberg, Norway

It is by the ocean, close to lay lines (for our energy outing), and easy accessible by car, train or plane. We just need you to sign up as quickly as possible to ruth.karina.kjolner@icloud.com

You will most likely need to share room, so let us know your preferences. The cost is not in place yet, but you will be informed as soon as we can.

Berit and I and the rest of the Committee will make sure that this will be an amazing week!

PS!

Because of this, any changes that you want to see happening in The Reiki Network, and voted on at the GM, have to be made in a written statement (second by two other members) and sent to our Secretary Minna: minnaheinonen@gmail.com before the 8th of March 2020.

In the last NL I mentioned the possibility of online teaching as an alternative in the future. Please give it a thought if you agree,- (or disagree for that matter.)

In our last Committee meeting, we discussed the strict rules in our organisations for holding a Reikimaster at her/his level for years; even when the RM is manifesting many Reiki 1 and 2 students and energetically is ready for educating masters. In Finland this has created a "blockage" in the system, because they are in need of new Reikimaster Teachers. We do see that access to spiritual and personal growth has changed tremendously the last decade; and we need to honour that evolvement and trust

the judgement of their RMT's to initiate them to RMTeachers.

A motion will come to loosen this up, but making sure the quality of our work is intact.

The Committee is also up for election, so good if you start thinking about who you would like to see as your guiding team members, or if any of you would like to be in the center of the wheel so to speak; the analogy we pictured the Committee to represent at Ammerdown's GM.

Our Secretary has already expressed a desire to open her position for someone else,- so if you feel a curiosity for joining the board, please take it seriously and do so!!!

Good news is that Reiki seems to be on the rise around the world.

More teachers in TRN have seminars and it looks like the energy of spreading our work is expanding with this rise of Reiki on a global level.

We are 3 members in the Committee that is following Elaine H. Grundy's webinar A

Path to Freedom. For me it is opening up for and creating more Reiki awareness in my life; which is always a gift in itself. I also had a chat with her, and she is proud of and true to her lineage which is The Reiki Network, taught by John and Esther Veltheim;- although in order to spread Reiki faster, she has freed up some of the rules and regulations we still find important and keep close to our heart.

I have had my first Reiki 2 seminar here in South Carolina, and I am very excited about that! 3 amazing women that was willing to go deep within themselves. Joyful

high energy after completing the class.

Two Reiki 1 seminars is also scheduled, so something is happening. I also had the opportunity to give 8 full Reiki treatments in 2 days when we had a women's leadership group here, - fun and rewarding!

This Reiki work might be following the spiritual law: "What you focus on expand!"

I mention it here because it has not been easy to manifest students in a new place, in a new country. It has actually taken about

2-3 years,- although I have given many Reiki sessions during that time. Maybe the many seeds finally sprout a little!

I wish I could post the short feedback interview from one of my Reiki 2 students here. It would have been such a great advertisement for all of us. Unfortunately I have not been able to download it to our facebook page even after hours of trial and error. Maybe next time I am more skilled in that area. :)

Then it is left to remind you of signing up for the GM in Tønsberg. For those who come by plane, you are welcome to stay at Medissage the weekend before,- the 6th or 7th if you want to explore the area further. Tønsberg is the oldest city in Norway and have historical value and sites from far far back. The coastline is beautiful with charming small towns as well. We will finish up on the 11th in the early evening, but those who want to stay till Friday morning, can do so. More details will come closer to the time.

Beautiful Winter and Spring days to you all!

Reiki Network love, Ruth-Karina
