JOYFUL HOLIDAY GREETINGS TO EVERYONE!

MESSAGE  
from a happy President:

The last days of November has been a very special month of healing and closure for the Reiki Network and our members from the dramatic incident in Odense GM. I have recently exchanged mails with René Vøgtli regarding his work on reconciliation within Reiki organizations, and the invitation for TRN to join ERG, an European Reiki Group he is part of.

Mischa and I have had an exchange on the phone, and I really appreciated hearing her voice and listening to her healing process as well. I must admit that I was not aware of HOW DEEPLY hurt Mischa felt when she resigned in 2010, and how much time it has taken to heal that wound. I will enclose parts of the letter I sent them in March, and parts of their respond that came now. I am so grateful for this closure, and I really felt the harmonious Reiki energy being present last night, creating peace.

On the behalf of TRN, after our Norwegian annual meeting last March, I wrote:

We also had some very powerful Reiki work with the initiations. Following that, I suggested to send Reiki to all our relationships where PEACE was our focus.

Then we read your letter for everyone to hear, and we agreed to send this wording to you:

"If we have participated in hurting you in any way; we ask for forgiveness on the behalf of The Reiki Network and its members."

(we had a short remembering of the Odense meeting, and in hindsight the situation could have been handled more harmoniously, and the effect may have been less dramatic and hurtful for everyone.) Reconciliation is important also from our standpoint, as we see that a detail and maybe lack of proper communication and understanding, was blown out of proportion, and

had a major consequence for our organisation, - whether it was meant to be the way it is today or not.

\*\*\*

For now, our reconciliation, apologies and prayer for forgiveness with you and our past members that left The Reiki Network based on what happened in 2010, is the most important.

Rene`s reply that speaks for both of them:

Even if she and I did not discuss it with each other since your mail, upon its receipt we did share with each other how significant the generosity is which you shared in your mail and we confided to each other how it touched us and catalysed great relieve in us.

...

Emotionally, it was comparatively easy for me: the matter seemed so trivial to me, the procedure so beyond my influence. I could not believe

that all this energy was invested in this accusation. To me the origin, the cause for all this must have been something else.

Yes, I can see why I have aggravated people over the years. I can understand that some have seen an arrogant and bossy style. In hindsight I can see, too, that the dominance of Mischa and me has caused frictions. For that I am thoroughly sorry and I apologize. Maybe, it is in this development over the years where the reason or an explanation lies why the situation in Odense has been the way it was.

you can see why I did not want to accept your apology too lightly, why I wanted to reflect it and let it truly sink in. Because I wanted to make sure that I got to the point where I sincerely acknowledged my own part leading to that situation. I feel I have come to that point and that is why I can wholeheartedly say that I accept the apology. I thank you for the generosity of this gesture once more. Namaste.

I believe with your mail and my response here, the circle is closed and we can all look forward to the future.

**I welcome you all to send Reiki and love to our members, past and present; - encourage and celebrate openness, support, understanding, peace and growth for Reiki in the world!**

Angel of the Spirit  
Nurturing the Spirit, inside and out

This December, Mischa and René have decided to close RIO, due to lack of financial contribution. Their Reiki International Organisation has 341 German members. The founders will continue their successful Reiki work primarily based on TRN tradition and keep the certification program as before. At the moment they have 4 masters in training!

🐱👐🙏 Congratulations!

Mischa is also busy editing and improving their manual; - a job she also finished for TRN and presented at our GM in Odense in 2010.

René is still a member of the German association ProReiki, that actually was the reason for the heated debate in 2010. He is also quite busy with making more videos and Reiki conciliation projects world wide. We have recently had a nice and interesting exchange of his Reiki reconciliation projects, meetings online etc.; - and he has promised to keep me updated with the progress of this work.

All, everything that I understand, I understand only  
because I love!

In the next Newsletter which is due the 15<sup>th</sup> of February, we will update you more on our GM trip to Summerset, UK. Ammerdown Center has an early registration date for our rooms, so please set aside 3. - 7<sup>th</sup> September 2018, and start saving to a wonderful Reiki event!

**MERRY CHRISTMAS!**
